

# SPRING REINS of HOPE

## Open House Live Demonstration of EAP/EAL (equine assisted psychotherapy / learning & life-skills)

**When:** Saturday, July 27<sup>th</sup>, from 3:00pm-6:00pm ET

**Where:** SRoHOPE New Jersey Location – at CanalSide Farm **(WE HAVE MOVED!)**  
33 Whites Road, Broadway, NJ 08808 (Franklin Township)

**What:** Welcome to our Summer 2013 Free Demo! This event is designed to introduce Equine Assisted Services to Hunterdon/Warren Counties (and the surrounding Central NJ / NYC area). Anyone who is interested in learning more about how horses can help us solve problems and overcome obstacles is encouraged to attend. SRoHope is an EAGALA certified model program (The EAGALA Model is now practiced in over 40 countries and growing at a rate of 400% since 2010). We want to illustrate how EAP/EAL can offer a direct path to success in the following areas: anxiety, depression, communication breakdowns, insomnia, PTSD, improving relationships, social skills deficiency, authentic leadership, team building skills, improved self confidence, substance abuse recovery, at risk youth, marital and family counseling, stress/anger management, bereavement, and more. Did you ever think that the missing link to solving some of life's most complex problems just might be a...Horse!?

**Why:** Throughout the 2013 season we plan to offer three live open house demos of EAP and EAL services (May 11<sup>th</sup>, July 27<sup>th</sup> and Oct 12<sup>th</sup>). This is a fast growing field with marked results, yet because of its *new-ness* many people are unaware of how it works and why it is so effective. 'Seeing is Believing', therefore we offer demonstrations to show the horses in action and also to allow interested parties to experience this innovative approach to solving problems; creatively, effectively, and quickly. So if you are curious, come see what the horses have to offer!

**Details:** Rain or shine – we have an indoor arena so either way we will begin at 3pm ET. Drinks / Drinks and light snacks will be provided. Suggested to wear comfortable clothing (bring layers) and NO open toed shoes (please no sandals, flip flops, etc). Event is family friendly. No pets or smoking on premises. **All activities are ground based (Un-mounted), there is no horse experience needed to participate. Most of our clients have never been around a horse before.**
